

DPA Microphones, Wisycom and Austrian Audio, join the Audiotonix mix

Chessington February 2nd, 2026 — Audiotonix has announced its agreement to acquire three pioneering microphone and wireless audio companies to complement its current roster of global technology brands: DPA Microphones, Wisycom, and Austrian Audio. The acquisition is now being filed for regulatory approval and should be completed in H1 2026.

With more than six decades of world-class Danish microphone design experience, **DPA Microphones** creates mics with exceptional sound, consistency and durability for a range of professional markets including live sound, theatre, film, and installation.

As a global leader in designing and manufacturing advanced wireless audio solutions, Italian company **Wisycom** provides industry-leading solutions to demanding customers' RF challenges across broadcast, live events, corporate and location sound, among other applications.

Vienna-based **Austrian Audio** delivers reliable and innovative microphones, headphones and audio tools while maintaining a strong connection to the brand's acoustical heritage.

All three brands now join the growing Audiotonix brand portfolio of leading audio technology and solutions companies that includes Allen & Heath, Calrec, DiGiCo, DiGiGrid, Fourier Audio, Group One Limited, Harrison, JH Audio, KLANG:technologies, Slate Digital, Solid State Logic, sonible, and Sound Devices.

"With the development work we have been investing in with Sound Devices, it makes technological sense to add Wisycom to the team. The next logical step is to move closer to the performer with microphones, and DPA as a premium brand is the ultimate choice. Austrian Audio, with their decades of microphone and headset design experience, have immense potential and will help complement our existing and future portfolio. We always aim to work with brands that add value for our customers, and the future potential of this trio as part of Audiotonix is not hard to imagine," states **James Gordon**, CEO of Audiotonix.

Kalle Hvidt Nielsen, CEO at DPA Microphones, comments, "DPA Microphones, Wisycom, and Austrian Audio are premium brands known for their strong and visionary product offering, used by many high-end customers who are familiar with all the Audiotonix brands. We share many location sound professionals with Sound Devices who rely on best-in-class audio quality and top-notch reliability and so by joining Audiotonix, DPA Microphones, Wisycom, and Austrian Audio get the opportunity to offer more premium solutions to discerning, quality focused customers". Kalle concludes, "The synergy across the brands enhances the group's capacity to deliver substantial advantages to all professional customers who demand the best. I look forward to more collaboration and moving the state-of-the-art forward in new verticals".

About Audiotonix

Audiotonix is a global market leader in the design, engineering and manufacture of professional audio mixing consoles and ancillary products. With innovative solutions from premium audio brands Allen & Heath, Calrec, DiGiCo, DiGiGrid, Fourier Audio, Harrison, JH Audio, KLANG:technologies, Slate Digital, Solid State Logic, sonible, and Sound Devices, our products are used extensively in live sound, broadcast, theatre production, installations, house of worship, television and film production, and recording studios globally.

About DPA Microphones

DPA Microphones is the leading Danish Professional Audio manufacturer of high-quality condenser microphone solutions for professional applications. DPA's ultimate goal is to always provide its customers with the absolute finest possible microphone solutions for all its markets, which include live sound, film, installation, recording, worship, theatre, broadcast, and more. The company does not compromise on its manufacturing, which is done within very tight tolerances and strict testing at the DPA factory in Denmark. As a result, DPA's products are globally praised for their exceptional clarity and transparency; unparalleled specifications; supreme durability and reliability; and, above all, pure, uncolored and undistorted sound. About Wisycom

Wisycom Srl is an Italian leader in advanced wireless audio solutions for broadcast, film, and live events. Based in Tombolo (Padova) and backed by 30 years of engineering expertise, the company designs and manufactures high-performance radio-microphone systems, IEM solutions, RF distribution, and communication technologies used in major global productions and sporting events. With a reputation for reliability, innovation, and exceptional RF performance, Wisycom supports professionals worldwide who demand uncompromising audio quality. For more information, please visit

About Austrian Audio

Austrian Audio opened its doors in 2017 following the closure of the AKG offices in Vienna and set out to create something new, challenging, and respectful to its heritage. The new company started with a core team of previous AKG personnel from management, acoustics, electronics, test and measurement, mechanical design, RF/wireless, and software/firmware, bringing 350 years of cumulative engineering experience to the new company.
